

CAN YOUR CAP BE RECYCLED?

The Aveda Cap Recycling program accepts caps that are rigid plastic, sometimes noted with a 5 in the chasing arrows recycling symbol. This includes caps that twist on with a threaded neck such as caps on shampoo, water, soda, milk, other beverage bottles and pharmaceutical lids, flip top caps on tubes and food product bottles (such as ketchup and mayonnaise), laundry detergents and some jar lids such as peanut butter.

KEEP THE RECYCLING STREAM CLEAN.

Some caps that aren't accepted are **non-rigid lids** such as yogurt lids, tub lids (margarine, cottage cheese), and screw-on lids that are not rigid. Please do not include any metal lids or plastic pumps or sprayers. Unfortunately, too much of the wrong type of materials can contaminate the recycling process.

We appreciate your efforts in keeping it clean!
