SHOTGUN USE

Dear Resident:

The deer culling season is fast approaching and the Borough of Watchung is trying to secure all possible sites with those residents that are willing to give permission to utilize their properties for this purpose. A resident within 450 foot of your property is willing to allow the Borough's deer management program to cull deer on their property but the Borough will need your permission as well to utilize that property. Shooting is limited to the designated sites in the program with the utmost of safety and will only be done from elevated tree stands. If you are willing to allow culling on an adjoining site to your property, please complete the portion below and return it to the Borough of Watchung in the self addressed stamped envelope at your earliest convenience. The continuation of the deer management program was authorized by the Mayor and Council and is strongly recommended by the Borough Wildlife Management Advisory Committee. Pursuant to Section 2-44.3b of the Revised General Ordinances of the Borough of Watchung, you, as a property owner participating in the Deer Management Program, are hereby notified that this "Authorization Letter" will become a government record subject to public disclosure under the Open Public Records Act. Your cooperation is appreciated.

Thank you,

Thomas Atkins, Borough Administrator
