

Reusable Shopping Bag Collection

Bags for food pantry: With the ban on single use bags in NJ, stores and online retailers are now providing inexpensive reusable bags for their delivery services. Rather than let these bags go to waste, please donate them for use at a local food pantry.

Each monthly distribution provides 3 – 4 bags of groceries for food-insecure families. While many clients do return their bags, at least 100 additional bags are required each month.

Clean, reusable shopping bags can be dropped off at the weekly Farmers Market at the upper lot of the Municipal Court/Police complex on Somerset Street.
