Call to Order

7:33 pm by President Solon

Old Business

- 4 team meeting/potluck is set for 6:30 on January 24th. The 31st is the snow date.
- New hi vis vests have come in. Members should stop by borough hall to pick them up.
- Carolyn to check on ID cards.
- Refresher training on START triage (Simple Triage and Rapid Treatment)
- Notes from CERT Basic Training class at SCOEM:
 - When marking houses after a search there is no official stance on animals, but the recommendation is that a notation should be included in the X mark, either on the right next to floors search or on the bottom below L/D
 - Trauma surgeon in the class with Carolyn said in his opinion, when someone is pinned under a weight for an extended period of time the overriding concern is to get them out quickly rather than wait for EMS. If the pinned area is a limb a tourniquet may be applied before freeing them.
