The subject property is located on the westbound side of Route 22 and at the southeast corner of the intersection of Route 22 and Raymond Avenue. The southern border of the property borders the Green Brook and the City of Plainfield municipal border. The property is in the B-C zoning district. The application received an approval from the Board of Adjustment in 2023 to do upgrades to the site including installation of EV charger infrastructure, façade changes, canopies were proposed over the showroom and service entrances and renovations to the interior of the building and replacement of all signage. In 1981, this Board approved a use variance to permit automobile use and subsequently approved Preliminary and Final Site Plan for the improvements. In 1992, the Board granted approval to replace a prior sign with a 42-foot-high freed standing illuminated sign. Work has subsequently proceeded on the Dealership and is near completion. During the course of construction, the applicant has requested several modifications to the approved plan. As such, they are now coming back to the Board for amended Site Plan approval. The current application includes:

- A curb cut on Raymond Avenue to allow for easier navigation at the service drop off area.

- Regarding the paved areas in the northern portion of the parking lot to allow for safer and more efficient maneuvering of on-site display vehicles.
- Adding a French drain along the northwestern wall of the existing showroom to enhance the on-site stormwater management.
- Lastly, the applicant's engineer has provided a point-by-point response to my review letter of July 6, 2023 and the Resolution of Approval (BA23-R13).
